We hope you enjoy your stay with us and will consider it the 'time of your life'. No other day can compare to a Pow Wow '98 day with it's mix of non-stop fun and thrilling ports of call. New skills, new Scouting friends, new ideas are all available here on our ship. Our thanks to these dedicated Council volunteers for their enthusiasm, experience and Scouting skills and their willingness to share the same with us once again,

Special thanks to the four 'Officers of the Deck' - Robert Fox, Chris Quigley, Claudine Williams, and Sandy Wunsch for your wit, enthusiasm and ca-do attitude. You have made my personal cruise so much more enjoyable and it has been a real pleasure to serve with you!

To our 1998 Pow Wow Book Chairperson Terri Cody and her dedicated staff who took on this yeoman's job and made it happen. GREAT JOB!!!

Your journey is about to begin. Enjoy your stay with us, have a great time, and return to your home port a better Scouter for having spent time aboard the SS Pow Wow . Dear Fellow Scouters,

Welcome to the 1998 Circle Ten Council Pow Wow! A fantastic day of learning, fun, food and fellowship. Plus, an awesome Pow Wow Book which has been written for you and provided to you using today's latest technology CD ROM. Spouses will rejoice as they no longer need to "find a space" for your latest resource treasure! You will love the convenience of being able to scroll through the table of contents and immediately go to the section you are searching for. We hope that you will have a great time exploring your "new" Pow Wow book. It will be a valuable resource for your Scouting library.

This book would not have been possible without many long and "fast" hours of work from a very dedicated staff. I want to thank each and every one of them from the bottom of my heart for all of their hard work. A special thank you to my husband Mac, who spent long hours helping to scan, format, and reconfigure numerous pieces of clipart and has truly earned the title of "Scanmaster" and Margaret Duncan for her support, research, experience, and humor as we worked to bring this book together, you are all my "Saving Angels".
