## PACK 'EM IN

*Preparation: 8 or more people, divided into teams; suitcase, umbrella, hat coat, gloves and scarf for each team (oversized works well)*

Divide the group into teams and have each team separate with half at each end of the playing area. Place the suitcase, filled with the clothing, in front of the first player on each team. On "GO", the first team members open their suitcase, put on all the clothing and run down to their teammates at the other end of the playing area. Here, they remove all the clothing, put it inside the suitcase, shut the case and tag the next person in line. That person opens the suitcase, gets dressed and runs back to the starting end of the playing area. The shuttle relay continues until all members have had the chance to get dressed, travel and unpack! It is fun to provide additional articles of clothing or accessories, to make the outfit even funnier.

## LET'S EAT WHEELS!

*Materials needed:*

- Twinkies brand desert cakes*
- toothpicks or uncooked spaghetti*
- Oreo brand cookies*
- miniature marshmallows*
- Red Hots brand candies*
- vanilla wafers*
- various colors tube frosting*

Open the Oreos and scrape the frosting from the center. Poke small holes through the centers of the cookie halves. Insert toothpicks or uncooked spaghetti through the Twinkie front and back, about half way up, to form axles. Put the Oreo wheels onto the axles. Using frosting for glue, attach Red Hots for rear tail lights, miniature marshmallows squished flat and "glued" onto vanilla wafers for front headlights. Embellish further as desired with frosting. When eating, watch out for those toothpicks/spaghetti.
